

Ontario Environmental Assessment Seminar:

Obtaining A Better Understanding of How EA Procedures
Work in Transportation Projects

Thursday January 29, 2009

1:00 pm–3:30 pm

Alterna Boardroom 4th floor,

Centre for Social Innovation

215 Spadina Avenue

Toronto, ON

Agenda:

Jim Chan, the Senior Program Officer of the Canadian Environmental Assessment Agency will provide a presentation on the Federal EA process in road and highway development and how it co-ordinates with the Provincial process.

Ellen Schwartzel, Senior Manager of Policy Analysis for the Environmental Commissioner of Ontario, will provide an overview of the Provincial EA process, discuss problems with the process and opportunities for reform.

Albert Koehl of Ecojustice will speak about the typical results of an EA process and will provide details of a case that Ecojustice recently won against a classification decision under the Municipal Class EA, related to a road project.

Space is limited
