EDC created the International Business Scholarship because international trade is critical to Canada's economic prosperity. We're dedicated to helping students like YOU – the next generation of business leaders – to succeed. Through our Education and Youth Employment Strategy, we contribute to building international trade capacity by assisting educational institutions and other stakeholders to prepare Canadian students for careers in international trade.

Apply for an Export Development Canada (EDC) International Business Scholarship to receive a cash award, and if eligible, the potential for an invaluable work experience that will give you an edge in the job market.

EDC is awarding 30 scholarships. Twenty-five of these scholarships will recognize exceptional students in the field of international business or economics. The remaining five scholarships will be awarded to outstanding business students with a focus on environment related studies.

Here's what an EDC scholarship is worth:

A \$3,000 cash award and, pending eligibility, a potential four-month work term* with mentoring from leading industry experts at EDC's head office in Ottawa, worth approximately \$10,000. Scholarships will be awarded in the spring and work terms will be available for summer 2009.

To qualify for one of EDC's scholarships, you must be:

- ▶ a Canadian citizen or permanent resident of Canada
- ▶ currently enrolled in full-time studies at a Canadian university
- ▶ in 2nd, 3rd, or 4th year of your first undergraduate degree
- ▶ studying international business, economics, or combining international business with sustainable management or environmental studies
- ▶ returning to full-time undergraduate studies in one of these fields for the 2009-2010 academic year
